FOCUS TOPIC: MENTAL WELLNESS IN CATHOLIC SCHOOLS

S A V E T H E D A T E

The Mustard Seed Project is a conference that explores the important topic of serving students with disabilities within the Catholic school setting. This year's conference will take a special focus on imagining innovative systems to support mental wellness of students in Catholic schools. The conference features numerous avenues for learning: expert input, breakout sessions, team action planning and collaboration sessions with Catholic school teams from across the country.
