## From the Superintendent...

Keystone has undergone a makeover this summer! We hope this new format will improve our communications and make the experience more user friendly. Keystone is the primary communication tool for our office. Under the date of the newsletter (above), are active links to information & registration pages. Simply click on the icons below to access information.

We welcome your feedback on Keystone's new format and hope you continue to be an active reader. Looking forward to a GREAT Kickstart with all of you! May you be blessed with efficiency and strength as you prepare for the upcoming school year.

Pope Francis spoke to the young people at World Youth Day and delivered the message "Be Courageous". May you all be blessed by his words this school year.

***Kristin Dixon***

We have a fun Kickstart planned for you! Click the icon for the agenda.

Our goal this year is to provide a directory which includes all staff in our schools. We need your help to make this possible!

Learn updates and opportunities for Diversified Learners, MDI for Grade 7, join CIC Level I-Cohort 2 and more!

Do you want to spice up your marketing, increase enrollment & raise more money? Come to our 2019-2020 workshop series.

Funding is available to help schools offset the sub costs associated with the GRACE program.

Funding is available to offset the costs associated with the use of the E-Walk tool for online teacher observations.

For information about our year-long leadership development program for aspiring and new principals, click here.

Have you ever considered serving on an accreditation team? We are looking for people for the 2019-2020 school year both elementary & high school.

Great benefits video, Safe Environment sign up's & Applitrack/Frontline reminder.

Hear how many schools benefitted from E-Rate this last school year & learn how you can get on board.

Need help with IT architecture, tech recommendations, project planning/coordination/management & onsite implementation? We can help.
