From the Superintendent...

Thank you for attending all or many of the meaningful professional development opportunities the past two weeks. Two days of Kickstart, New Teachers, New Principals, Safe Environment, Supporting our Diverse Learners, Day of Diversity, inclusion and Equity, CEL Training, and GRACE teachers - we came together to learn and grow as a community. In each of the trainings, we stressed the importance of our theme: Be Courageous! Take the next step, do the next right thing, and start the year with energy and

enthusiasm! We are here to support you. All that said, I circle back to the wonderful staff in our office, we are small but mighty, and want to support YOU!
