# FULCRUM

LEVERAGING SUPPORT  
for CATHOLIC SCHOOLS

**Why We Exist** Founded in 2002, the Fulcrum Foundation leverages the resources of the entire community in innovative and strategic ways to sustain and strengthen Catholic schools in western Washington.

**Why It Matters** High quality Catholic schools provide a profound and singular pathway to a life of hope and opportunity, especially for children from poor and marginalized communities.

**Our Vision** In partnership with the Office for Catholic Schools, the Fulcrum Foundation instills in children and families, teachers and principals, and throughout our community, the hope for a better world and the ability to make it happen.

## About the Fulcrum Foundation Programs

in the Archdiocese of Seattle

### ACCESS TO OPPORTUNITY

Fulcrum implements innovative models of tuition assistance to bridge the tuition gap for all families with need, which includes grants through the needs-based, deadline-based Fulcrum Tuition Assistance Grant Program (TAP).

### SCHOOL PARTNERSHIPS

Fulcrum works to implement strategic financial support of Catholic schools through its School Partnership Programs. This includes grants ranging in scope from capital, diversity and inclusion, and funding of IT modernization and early childhood education.

### BUILDING LEADERSHIP CAPACITY

Fulcrum creates initiatives for leadership development at all levels. The educational leadership scholarships which support select school leaders in ongoing education at seven partner universities ensures the formation and retention of the next generation of exceptional school leaders.
