Challenge Questions

“This element is designed to give catechetical instruction for high-school age young people an apologetical component. Publishers and teachers or catechists are to strive to provide for a catechetical instruction and formation that is imbued with an apologetical approach. Challenges that appear under one particular theme can also apply to other themes in the framework, and such application is encouraged.” Introduction to The Bishops’ Framework

Answers to each of the following questions with references to the Catechism are found in the last section of each course in the Framework. It should be noted, however, that each question has also been addressed within the coursework of the standards.
