School Leaders,

I hope you all received this letter from the Bishop but in case you did not I am resending this email to make sure everyone receives the Bishop's information. There is a press conference at 10:15 this morning with the Governor who has additional announcements he is going to make. Any announcement that changes the intent and/or actions of this information will be quickly reviewed with what will need to happen in our school quickly communicated to you.

Again, Changes are occurring rapidly so stay tuned!!
I am praying that all of you your schools remain healthy!

"The will of God won't lead us where the grace of God won't keep us."
Terri kris
