## “WAYS TO BE CATHOLIC AND POLITICALLY ACTIVE”

### **The Influence of Catholic Social Teaching on Our Political System**

June 3, 2020, 7-8:30pm | Presenter: TBD

Connect with other young adults and delve into how we as Catholics in Western Washington rely on Catholic Social Teaching to advocate for legislation that is committed to the poor through our belief that every human being is created in the image of God.

### **Civil Discourse in the 21st Century**

July 1, 2020, 7-8:30pm | Presenter: TBD

Explore how we as Catholics can engage in respectful and open dialogue with those whose political, ideological and religious views may differ from our own. How can Catholics take part in civil conversation, to grow in wisdom and knowledge, to learn about contemporary social issues? Can or should Catholics try to influence or sway the beliefs of others?

### **Faith-Filled Service to God's People**

August 5, 2020, 7-8:30pm | Panel conversation: Mario Villanueva, Mark Miloscia, and Rebecca Saldana

Join a lively panel discussion with Catholics who have lived a life of public service and learn:

- How political life has shaped or influenced their faith journeys.
- How elected officials integrate Catholic Social Teaching into their own mission.
- How their relationship with God impels them to truly love one another as God has loved us.
