

October partner update

To help ensure you have the latest information to support your use of MAP® Growth™—be that remote or onsite—this month’s communication provides details about new and exciting product updates to release in October 2021.

Since you may be the only recipient of this email within your district, we encourage you to ***forward this email to teachers, technology staff, and others who might benefit from this information.*** You can also find all the back-to-school 2021 information on the [NWEA Connection Product Updates page](#).

Product updates:

School assessment coordinator report permission enhancement

The school assessment coordinator role now has access to the Projected Proficiency and District Summary reports.

Fall 2021 testing:

As fall testing winds down, here are some important things to consider:

- **Close your test window to generate summary data.**
- **Are students or test events missing from reports? Follow these steps to resolve.**
- **Consider using Clever to automatically roster your students for winter testing.**

You can always find current and past partner updates in the [product update section](#) of [NWEA Connection](#).

System maintenance schedule

The [system maintenance calendar](#) includes dates for upcoming scheduled maintenance and software updates. To best plan your testing, be sure to check the schedule periodically to ensure no revisions have been made.
